

# 5 Year Vehicle Scale Service Agreement

Thank you for considering a new METTLER TOLEDO Vehicle Scale. Our scales are designed to provide the most accurate weighing results in the world. Built with the most advanced technology on the market, our vehicle scales perform in challenging, extreme environments as well as the most demanding applications.

## Top Reasons for a 5 Year Vehicle Scale Service Agreement

### Receive an Average 10% Cost Savings in the First Year

Your savings begin immediately as you receive a greater discount on your first year of service when compared to a single year service agreement.

### No Annual Price Increases

Protect yourself from the unknown. With all the uncertainties in the marketplace today, it is often necessary for METTLER TOLEDO to increase our service prices to our customers due to increased fuel and maintenance costs. Purchasing this agreement at the same time you purchase your scale, you are locked into today's service rate. This agreement will cover 100% of your planned preventative maintenance agreements.

### Eliminate Risk of Voiding Your Warranty Due to Forgetting to Schedule Preventative Maintenance or Renewing Your Annual Service Agreement

Preventative maintenance is automatically scheduled and performed approximately every six months with scale calibration/certification documents provided to you. You save time and the hassle of negotiating a contract renewal.

By taking advantage of this special offer you are getting 100% peace of mind that your vehicle scale is going to perform at its highest standards and you are getting the most out of the warranty. Leave your service requirements up to us and sign up for a 5 Year Vehicle Scale Service Agreement when you purchase your new vehicle scale.
