Pricing

1. Pricing

As a CustomerPortal user, how can I access account-specific pricing?

Once you have logged in, your pricing should reflect all static agreements and discounts associated with your account.

Some limited-time promotions may require you to specify a campaign code or other information when placing your order.

You may contact us directly regarding pricing questions at 1-800-METTLER.

Submitting an Order

1. Checkout

At checkout, what should I add to the 'Your Reference' field?

This field is for your internal reference only, so you may use a Purchase Order number (if paying by purchase order), or Company Reference number (if paying by credit card), etc.

2. Payment

What are my payment options?

Purchase Orders and Credit Cards are accepted through the CustomerPortal. The payment options available to you online are those that you have set up with us on your standard account.

3. Quick Order

How do I use the Quick Order entry box?

For instructions on how to use the Quick Order entry box, click the blue "i" icon at the top of the box or see answer 3 under Placing an Order.

4. Billing and Shipping Addresses

When checking out, you have the option to choose your billing and shipping addresses. For billing address, you will see all available options for your account from our system. You cannot add a billing address online. Please contact us at 1-800-METTLER in order to add a new address.

Regarding shipping addresses, you will see all available options for your account from our system. You may also specify a new shipping address and select whether or not to save the address to your profile for future use.

5. Shipping Label Format

What fields print out on the shipping label?

The shipping label prints in the format as shown below. The only field which is not present on the shipping label is Company Name 3. This field will only be shown on the order confirmation; therefore, it should only be used for your internal reference.

Company Name 1
 Company Name 2
 Address Line 1
 Address Line 2
 Address Line 3
 City, State Zip Code

6. Shipping Method

What shipping options are available?

Shipping options vary depending on product. Daily order cutoff times exist for each shipping method (see next section for specifics).

Only one shipping method may be selected for an entire order of in-stock products. If you wish to ship portions of your order using different methods, please submit separate orders.

See Terms and Conditions for complete details.

What are the daily cutoff times for each shipping method?

UPS:

- 6:00 PM EST for items shipping via ground: **orders should be submitted no later than 5:45 PM EST**
- 7:00 PM EST for items shipping via priority method (NDA, 2nd day, etc.): **orders should be submitted no later than 6:45 PM EST**

LTL:

"Request consolidated delivery": what does this mean?

"Request consolidated delivery" is an option in the Shipping Method box. When selected, this notifies METTLER TOLEDO that you prefer all items to ship in the same delivery *if possible*. Please note that this is not a guarantee of consolidated delivery. For items that are shipped from different locations, it may not be possible to consolidate all packages, in which case you will receive multiple deliveries.
