

Precise and Simple Pallet Weighing

Rugged, Fast and Easy to Use

Ergonomic Full-Function Handle

- Easy to Lift
- Easy to Move
- Easy to Weigh

Turning Wheel

- Effortless steering
- Easily ride over uneven surfaces

Terminal

- Large 7-digit LCD display
- Low power consumption and automatic shut off
- Five standard keys plus two free definable function keys

Battery

- 6V DC, 10Ah
- Operating time: 95 hours
- Charging time: 8-12h

BTA231 Pallet Truck Scale

Precise and Simple Pallet Weighing

The mobile battery-powered solution for pallet weighing in one easy step. The BTA231 Pallet Truck Scale is the ideal solution for fast and precise mobile weighing in industrial and warehousing applications.

Technical data

BTA231 Pallet Truck Scale

Display

7 digit bright LCD 40mm high

Precision

0.1% maximum deviation from measuring range

Readability (not approved)

2 lb

Key Pad

6 function tactile keypad

Battery with Charger

6VDC, 10Ah

95 hours operating time

8~12 hours charging time

Pallet Truck Construction

Mild steel

Load Cell Capacity

1 ton x 4, 2mV/V

Lifting Height

4.5"

Fork Height

Lowered: 3"

Raised: 7.5"

Fork Length

48"

Single Fork Width

7"

Operating Temperature

14°F to 104°F (-10°C to +40°C)

<85% humidity
