★★ Basic Count

★ Simple Weighing

Best in Class. The MonoBloc technology guarantees maximum accuracy and helps you to increase your productivity. All the necessary functions for efficient counting are available at your fingertips. The scale is fast, offers hands free counting and guides the user with its LED's. You can train anyone in 60 seconds!

Easy to Use. METTLER TOLEDO makes work easy with large, well marked keys and one key / one function use. The bright display offers you % accuracy and % capacity indicators. A built-in battery option allows you to use the scale wherever it is needed.

MonoBloc Inside. Heavy duty aluminum alloys, as used in the aircraft industry, assure high accuracy of measurement results for years to come. Because of the high resolution,even for high capacities, with a Viper MonoBloc scale you have no need for a two scale system.
