METTLER TOLEDO

bPro Shop Scales
for the price-conscious food trade

- **Rugged construction** – unmatched reliability in everyday use
- **Excellent throughput** – high-quality label function
- **Network capability** – a pleasure to use
- **Exclusive design** – to complement the decor of your shop

Unflagging performance day after day

Rugged yet easy to maintain. An extremely heavy-duty aluminium baseplate, high-grade polymer surfaces and sealed components offer superior protection for electronics and mechanics. Low weight makes everyday cleaning effortless. Reduce your maintenance costs with scale construction aligned to reliability in everyday use.

Fast communication

High-speed processor performance and 4 MB memory support the fastest possible communication. Ethernet connection, two RS232 interfaces and RJ11 interface support the trouble-free connection of a number of external devices.

Top-quality printing performance

Two independent printer motors, up to 110mm/sec printing speed, over 90% metal parts, and easy maintenance are the hallmarks of a printer designed for high performance. Labels**- and receipt printout, set benchmarks for design, quality and speed.

Exclusive design

Contemporary and practical. With its unique design, the bPro series of scales complements the décor of your shop. Rounded edges promote exceptional device hygiene. The 94 x 94mm screen displays operator and customer information in high contrast.

Efficient operating processes

Advanced scales with printing capability. bPro counter scales assist the operator by allowing them to concentrate completely on the customer. A reliable printer, intuitive software and fast communication within a network of up to 10 scales** helps you focus on your customers and your bottom line.

Fast information
bPro scales with backlit LCD shows information quickly and ultra sharp in any environment.

Direct keypad
bPro scales are equipped with highly sensitive membrane keypads for superior operating comfort. The METTLER TOLEDO "Light Touch" keypad, available as an option, sets the highest standards for washable keypad overlays for exceptional device hygiene.

Individual design
Design your counter scale to match the décor of your shop.

Labels and receipt printout**
Easy-to-change rolls and countless label design options; product traceability.

Communication
Easily integrate your external devices via RJ11, RJ45 and two RS232 interfaces.
