Your Benefit. The unique METTLER TOLEDO MonoBloc cell, combined with the new Viper High Speed Filter Technology (HSFT), maximizes your productivity and accuracy of results. A built-in battery option allows you to use the scale wherever it is needed.

Rugged Design for Plant

Floor Use. This simple weighing scale features durable die-cast aluminum housing with stainless steel weighing pan and adjustable feet. Designed with the industrial environment in mind, it features no edges or grooves for easy cleaning!

MonoBloc Inside. Heavy duty aluminum alloys, as used in the aircraft industry, assure high accuracy of measurement results for years to come. Viper MonoBloc offers the combination of ruggedness, operational ease and measurement accuracy.
